A billionaire falls out of the sky and is gruesomely skewered on a church spire. Bizarrely, Angel Wings are attached to his back. More follow until, hallelujah, it's raining businessmen. Detective Aisha Bukhari is stumped by this, until she's visited by her childhood friend, occult investigator John Constantine. DC's Hellblazer discovers a link between the falling elite and a shocking moment in his and Aisha's misspent youth. How do these killings tie to the first death on John's hands? How does this involve heaven and hell? Even if this is kind of John's fault, will Constantine be happy to let a few more rich bastards fall from the sky, like a vindictive Robin Hood? It's an all-new DC Black Label mystery starring John Constantine in his very first tale spun by acclaimed writer Tom Taylor (*DCEased*) and artist Darick Robertson (*The Boys*)!

TOM TAYLOR CHRONICLES THE RISE AND FALL OF HELLBLAZER

Interview by Albert Ching

Last year, writer Tom Taylor (DCEased) and artist Darick Robertson (Transmetropolitan) teamed for DCEased: A Good Day to Die, a one-shot detailing how the events of DCEased affected several DC characters—including fan-favorite antihero John Constantine.

Between Taylor's obvious fondness for Constantine and how well-suited Robertson seemed for a Hellblazer story, it was hard not to want more—and here it is. Taylor and Robertson are teaming for Hellblazer: Rise and Fall, a three-issue, Prestige Plus DC Black Label miniseries starting in September. Rise and Fall starts with a billionaire inexplicably falling out of the sky only to be gruesomely skewered on a church spire—and then it keeps happening, with the mysterious murders somehow tied to Constantine's youth.

DC Connect talked with Taylor to find out what he finds so compelling about Hellblazer, teaming with future "quintessential Constantine artist" Robertson, and the "good, old-fashioned violence and gore" they've got planned for the bimonthly series.

DC Connect: From *Injustice* to *DCEased*, your affection for John Constantine is clear. What is it about the character that you love writing?

Tom Taylor: I've been a fan of John forever. The Golden Age of Vertigo *Hellblazer* is easily in my top 10 series, from Jamie Delano's spectacular beginning, and especially the work of [Garth] Ennis and [Steve] Dillon.

I love writing characters who speak truth to power, and John doesn't just speak truth to power, he tears power a new one any chance he gets. He's also not your standard, perfect hero. He makes a lot of mistakes and people in his orbit get hurt. But there's a beautiful heart beating in the bastard.

He never forgets his less than humble beginnings. He uses that chip on his shoulder to fight against those who think they're above him and his, and there's something very cathartic about class warfare where the upper class doesn't win every damn battle.

DCC: What are you looking to do in this story that readers haven't seen from Constantine before?

TT: This is a story I've had in my head for about 10 years, certainly when it comes to the inciting incidents and some of the twists and turns. This is a very twisted book, but I actually want to give people exactly the John they've seen before. I want to write the bloke who steps out of the shadows with the smirk, the lit cigarette, and all the answers. I want a story of shocks and sadness, and triumph in the face of utter horror.

DCC: It's extremely exciting to see you back with Darick Robertson, following the Constantine-centric *DCEased: A Good Day to Die* (and to see Robertson drawing the *Hellblazer* story it feels like he was destined to do). What's it been like teaming together on *Rise and Fall*?

TT: It's funny. I've often heard talk of Darick Robertson being one of the quintessential Constantine artists...and he's never drawn *Hellblazer* in his career. People just assume he has because he's so perfectly suited.

I'm a huge Darick Robertson fan and have been since the opening pages of *Transmetropolitan*. His art puts a huge smile on my face when it appears in my inbox, especially his gorgeous inks. Darick brings the cheek, the grit, the horror, the humor, and the heart to John in a way only he can. By the time this story is told, the myth of Darick Robertson being a quintessential Constantine artist will definitely be a reality.

DCC: *Rise and Fall* puts a focus on Constantine's youth. How do you describe the adolescent Constantine?

TT: He's almost exactly the same, but shorter, and with more to prove. He's reckless, and eager to show off and to escape a pretty awful home life by getting into trouble.

DCC: The solicitation text mentions a character connected to John's youth, Aisha Bukhari—what can you share about her, and the role she plays?

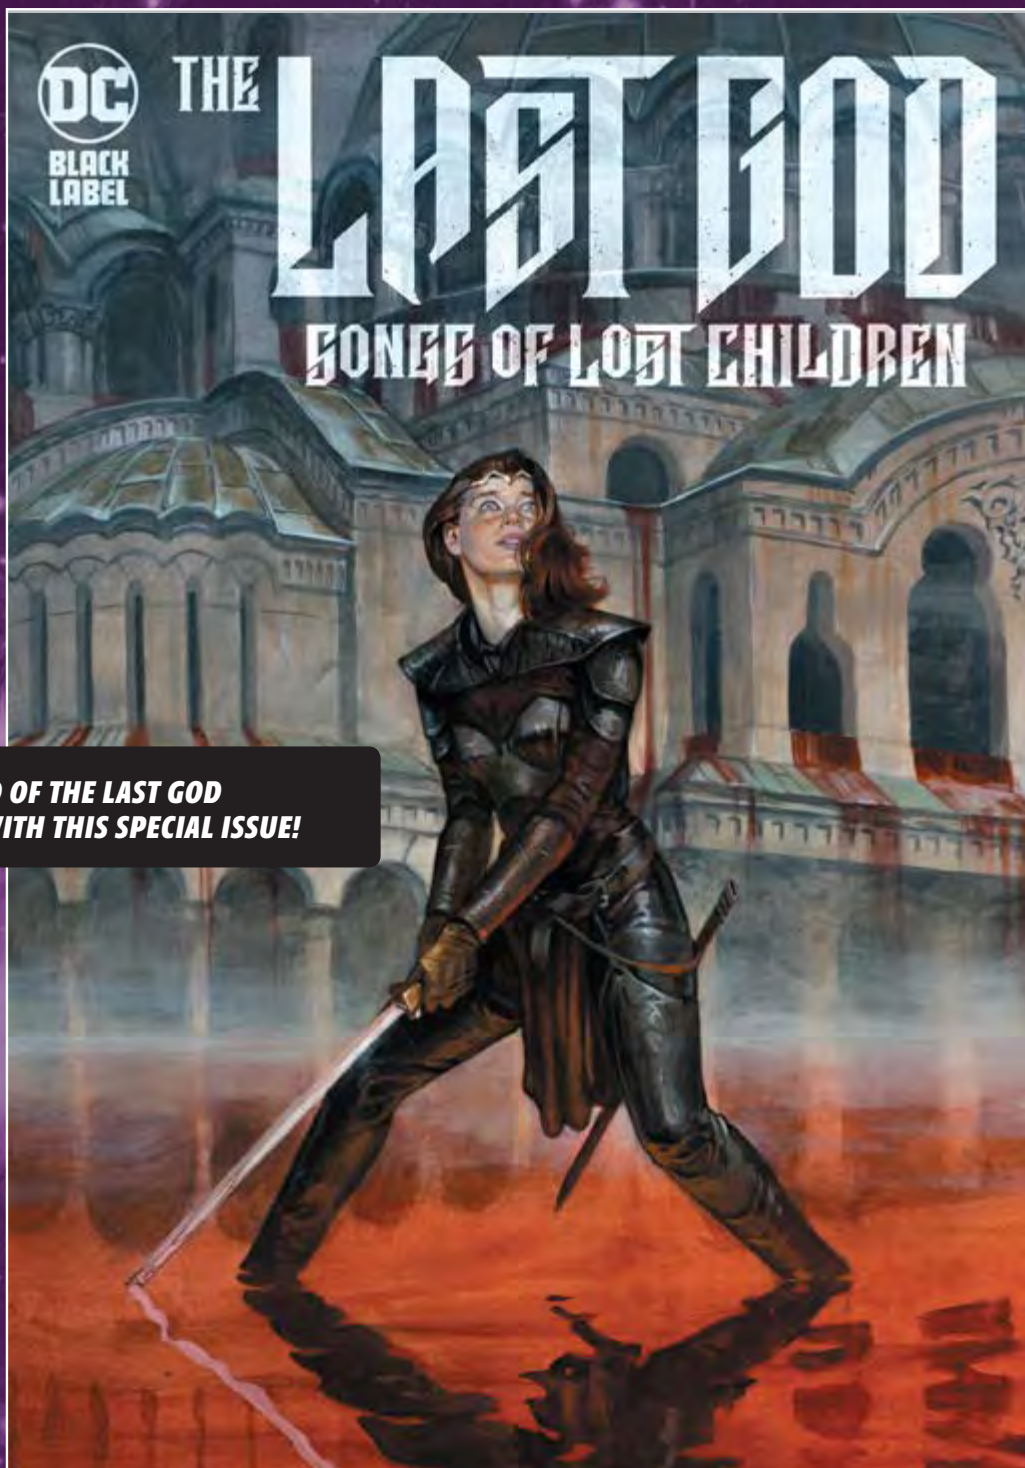

TT: Aisha is a friend from John's childhood. She's there the day it all goes wrong. And what they experienced on that dark day has big ramifications in their future for Detective Aisha and John the magician.

DCC: While *DCEased* isn't necessarily family friendly, *Rise and Fall* is a mature readers title—how are you taking advantage of the looser restrictions that come with that?

TT: Picture all those stars covering half of John's words. Now picture them all removed. That's the main part. That said, Darick and I aren't holding back with some good, old-fashioned violence and gore, when appropriate.

Mr. Terrific is back on Earth, and he's making things hot for Adam Strange—but he also might get a little burned himself! The conflict is out in the open now, and the court of public opinion doesn't play fair. Mr. Terrific was picked to investigate the accusations against Adam Strange because he was the most impartial member of the Justice League—but can even *he* keep all of this from getting personal?

Plus, as we witness more of Adam's adventures in outer space, will his version of events jibe with the facts, or will they continue to drift further apart? Find out in the series everyone is talking about by one of the most acclaimed creative teams in comics!

New York Times bestselling author Lauren Myracle (*ttvl, ttfn*) and artist Isaac Goodhart (*Under the Moon: A Catwoman Tale*) reunite in this gorgeous young adult story about living life to the fullest, and how far one will go for love.

Seventeen-year-old Victor Fries has a cold heart. After his brother died in a tragic house fire for which Victor feels responsible, his parents have isolated themselves, and Victor has dedicated his whole life to one thing: science.

Nora Faria is full of life. She is suffering from an incurable illness that will slowly consume her, so she's decided to live her last days to the fullest at her summer home outside of Gotham City until her birthday. On that day, she plans to take her own life.

When Victor and Nora happen to meet at the cemetery outside of town, they are astonished to find the connection they have each been missing in their lives. Their summer quickly spirals into a beautiful romance, and Victor's cold heart begins to thaw, allowing him to enjoy life just a little more. But when Victor learns of Nora's illness, he's driven to try to find a solution to keep from losing another person he loves...by any means necessary.

Victor and Nora: A Gotham Love Story is a tragic tale about living life to the fullest and what it truly means to love...and to let go.

DC GRAPHIC NOVELS FOR KIDS

DIGITAL FIRST | ISBN: 978-1-77950-430-2

Heather Nuhfer and P.C. Morrissey team up in this fun story about game night with the Titans!

The Titans have a regular game of *Basements and Basilisks*, but when the basement boss (Robin, of course) tries to make the game super fun by making it super-impossible to win, the team rebels. Their new BB is much more fun—and she actually lets them complete their quests, which is excellent motivation to keep playing. But the Boy Wonder begins to worry that the Titans will be trapped in their imaginations forever, going on endless, easy-breezy quests, neglecting their duties in Jump City.

There might also be problems with the campaign's most important relic, the "Anklet of Extreme Crushing (and Chafing)," which Robin has tightly clasped to his leg.

This issue, it's the shocking death of Deadshot! The man who never misses has been on the front lines of Task Force X since its inception—bomb in his neck, gun in his hand. He's seen teammates blow up and countries fall. He's faced down heroes and villains alike. Now the Suicide Squad has one final mission: bring down the man who enslaved them, then put a bounty on their heads when they escaped: Ted Kord. But to finish the job, the world's deadliest assassin will have to do the one thing he's never done for the cause: *die!*

TOM TAYLOR AND BRUNO REDONDO ON THE DEATH OF DEADSHOT

"We heard a lot as we began work on our new *Suicide Squad*: 'The Revolutionaries are just there to be cannon fodder.' 'No A-lister is gonna die in this book.' 'It's not like they'd ever kill someone as big as Deadshot.' As we all enjoy subverting expectations, we started to plan a long life for some of our beloved Revolutionaries, and an idea began to grow. Although the entire creative team had, surprisingly, become completely attached to Floyd Lawton and didn't want to see him go, the bullet had been fired. There was no stopping it. It was time for Deadshot to be shot dead." —Tom Taylor

"It was an absolute surprise to me, but Tom's scripts made Deadshot one of my very favorite characters. I got more attached with every new chapter we worked on together. I guess that was *my* mistake! But it's been fun as hell to draw Floyd Lawton!" —Bruno Redondo

Now she must fight for her life with the help of an impossible 8th-century Viking axe that can pass through a man's neck in a single swipe—and leave the severed head still conscious and capable of supernatural speech.

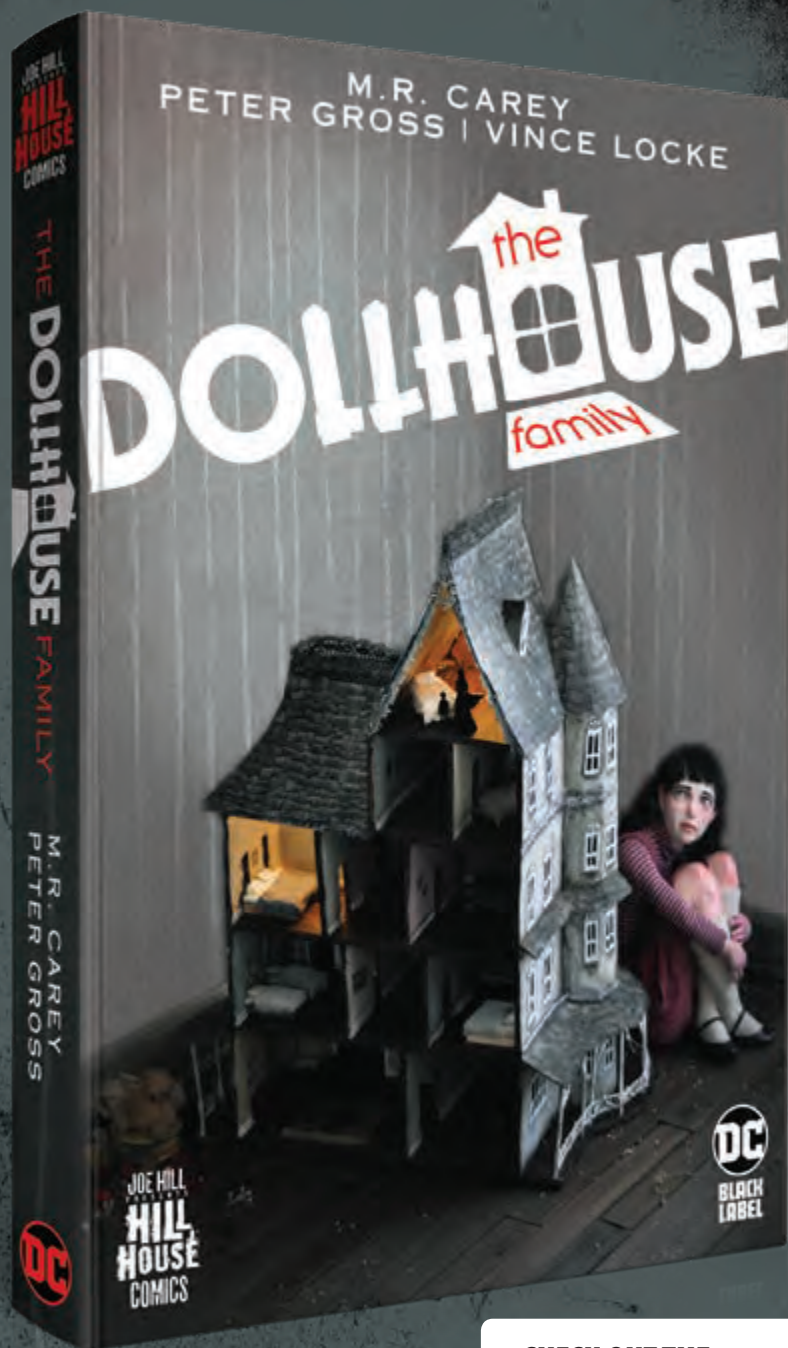

Each disembodied head has a malevolent story of its own to tell, and it isn't long before June finds herself in a desperate struggle to hack through their lies and manipulations...racing to save the man she loves before time runs out. But is June Branch a woman fighting for her life—or a deranged axe murderer with a basketful of paranoid fantasies? The truth is even more horrifying than a basketful of heads. Shudder-To-Think, Pennsylvania, has been on fire for years. The coal mines beneath it are long since abandoned. The woods are full of rabbits with human eyes, a deer woman who stalks hungry girls, and swaths of skinless men. And the people in Shudder-to-Think? Well, they're not doing so well either.

When El and Octavia wake up in a movie theater with no memory of the last few hours of their lives, the two teenage dirtbags begin a surreal and terrifying journey to discover the truth about the strange town that they call home. Like so many women in Shudder-to-Think before them, all they have is a void where the truth once was. Can these two teens reconcile their differences before the horrible things lurking beneath their town emerge and swallow them whole? Collects *The Low, Low Woods* #1-6.

Superman's best friend and *Daily Planet* photographer Jimmy Olsen tours the bizarre underbelly of the DC Universe in this new series featuring death, destruction, giant turtles, and more, combining Silver Age energy with a distinctly modern sensibility! It's a centuries-spanning whirlwind of weird that starts in Metropolis and ends in Gotham City. Award-winning writer Matt Fraction (*Sex Criminals*, *Hawkeye*) makes his DC debut with *Superman's Pal Jimmy Olsen*, an irreverent, hijinks-filled journey across the weirdest and wildest corners of the DCU, illustrated by Eisner Award-winning artist Steve Lieber. Collects *Superman's Pal Jimmy Olsen* #1-12.
